WHO WE ARE

Medicalincs' purpose is to link silos in the healthcare system in order to deliver integrated, innovative, effective, and continually-improved care delivery solutions that preserve and save lives!

We support commercial and government health organizations. Our fully customized approach centers on providing our clients with all the tools they need to integrate sustainable healthcare delivery systems into their operations, install streamlined cost-beneficial solutions, and create the educational infrastructure necessary to continuously evolve.

Guided by over 25 years of industry experience through the healthcare transformation journey, our experts now share our passion by helping others. Our diverse team comes from all realms of medical, administrative, and educational expertise. As senior strategists we pair innovative thinking with tried-and-true management and consulting skills. We pride ourselves on providing Integrated Solutions as a Service (ISaaS).
